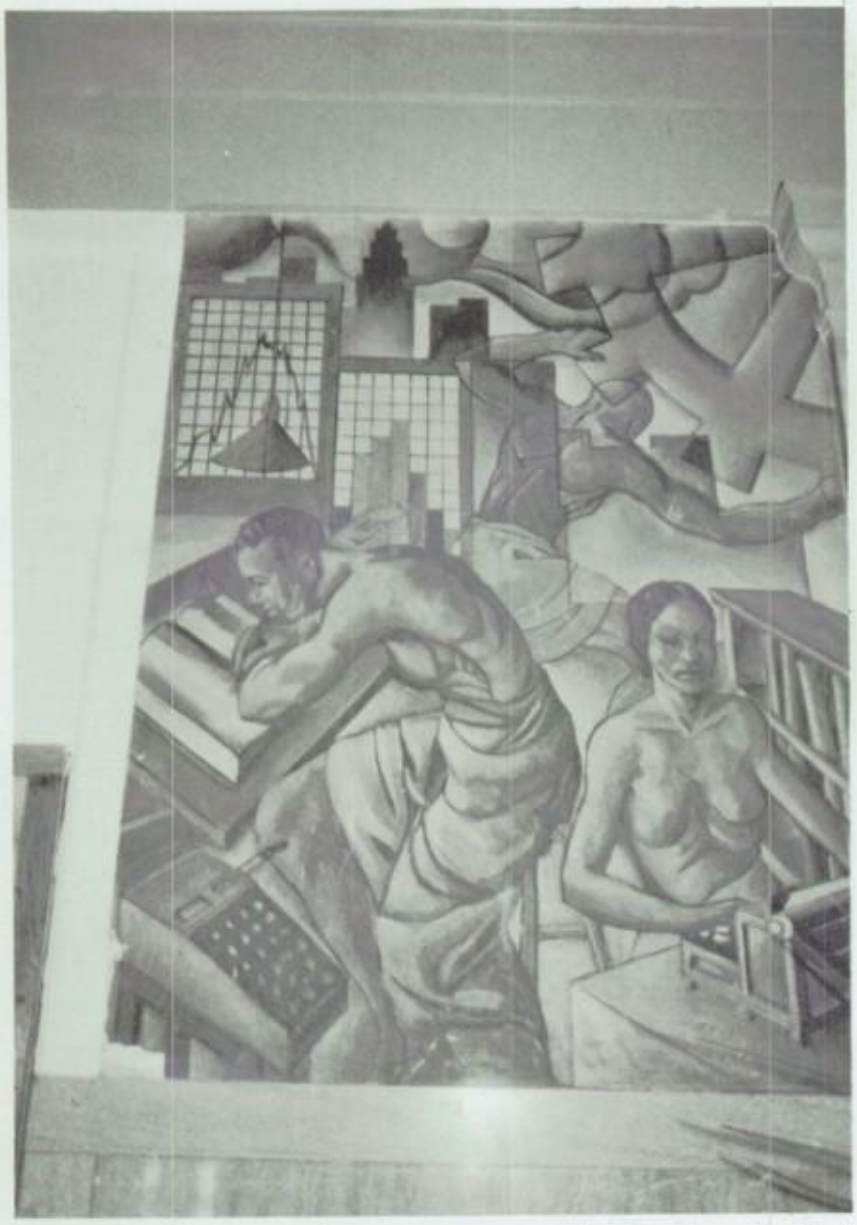
No race can prosper till it learns that there is as much dignity in tilling a field as in writing a poem.

Let down your buckets where you are.

There are two ways of exerting one's strength: One is pushing down and the other is pulling up.

In all things that are social we can be as seperate as fingers, yet one as the hand in all thin essential for mutual progress.



How to control todays turbulent, impetuous youths? Put them in school twelve hours a day, twelve months a year.

You can't hold a man down without staying down with him.

I shall never permit myself to stoop so low as to hate any man.

I have learned that success is to be measured not by the position that one has reached in life as by the obstacles which he has overcome while trying to succeed.

January 6, 1987

To the Class of 1987:

Each year I ask myself what do I write to departing seniors that have heard me on numerous occasions?

Frankly, as I think about it, the fact that this is my last occasion to share my thoughts with you, makes this final opportunity more important.

We have dared to give you a personalized, complete educational experience. You have had the exposure to a comprehensive and humanistic experience.

You are leaving with the tools of understanding and taste of excellance that should give you vital assistance with your new experience--the real world.

Please remember, this is the last place in your life where people will hold your hand and guide your feet. You must "hunker down". Life is not going to be easy and you must not give up hope, for in the words of S. Smile, "Hope is like the sun, which as we journey towards it, casts the shadow of burden behind us".

Good Luck and welcome to anuther world.

Sincerely,

R.L. Collins, Jr., Principal

In Memory of Mrs. A. Carter

When the great finals come, each one will be asked five questions: First: what did you accomplish in the world with the powers God gave you? Second: how did you help your neighbor and what did you do for those in need? Third: what did you do to serve God? Fourth: what did you leave in the world that was worthwhile when you came from it? Fifth: what did you bring into this new world which will be of use here?

Mrs. Carter contributed to those in need so that they could have a better life too. She was very religious and served with an energy beyond her ability. She left many wonderful feelings shared by all.

I'm an expert at this.

Music washes away from the soul the dust of everyday life.

DEDICATION 1987

Mrs. Frances Martin

It's not the things that can be bought that are life's richest treasure
It's just the little "heart gifts" that money cannot measure . . .
A cheerful smile, a friendly word, a sympathetic nod
Are priceless little treasure from the storehouse of our God . . .
They are the things that can't be bought with silver or with gold,
For thoughtfulness and kindness and love are never sold . . .
They are the priceless things in life for which no one can pay,
And the giver finds rich recompense in GIVING THEM AWAY.

Poems of Faith—H.S. Rice

Mrs. Frances Martin, a member of the science department, has spent twenty-seven years teaching and sharing "heart gifts" with those whose paths she has crossed. She enjoys arts and crafts and interior designing.

We, the Seniors of 1987, proudly dedicate the WASHINGTONIAN to Mrs. Frances Martin for her outstanding service to Booker T. Washington High School.

Cool and the Chillers

Words have a magical power. They can bring either the greatest happiness or deepest despair; can transfer knowledge from teacher to student; words enable the orator to sway his audience and dictate its decisions. Words are capable of arousing the strongest emotions and prompting all men's actions.

—Freud

A man learns only by two things: one is reading and the other is association with smarter people.

What we have to learn; we learn by doing.

Anyone who stops learning is old, whether at twenty or eighty. Anyone who keeps learning stays young. The greatest thing in life is to keep your mind young.

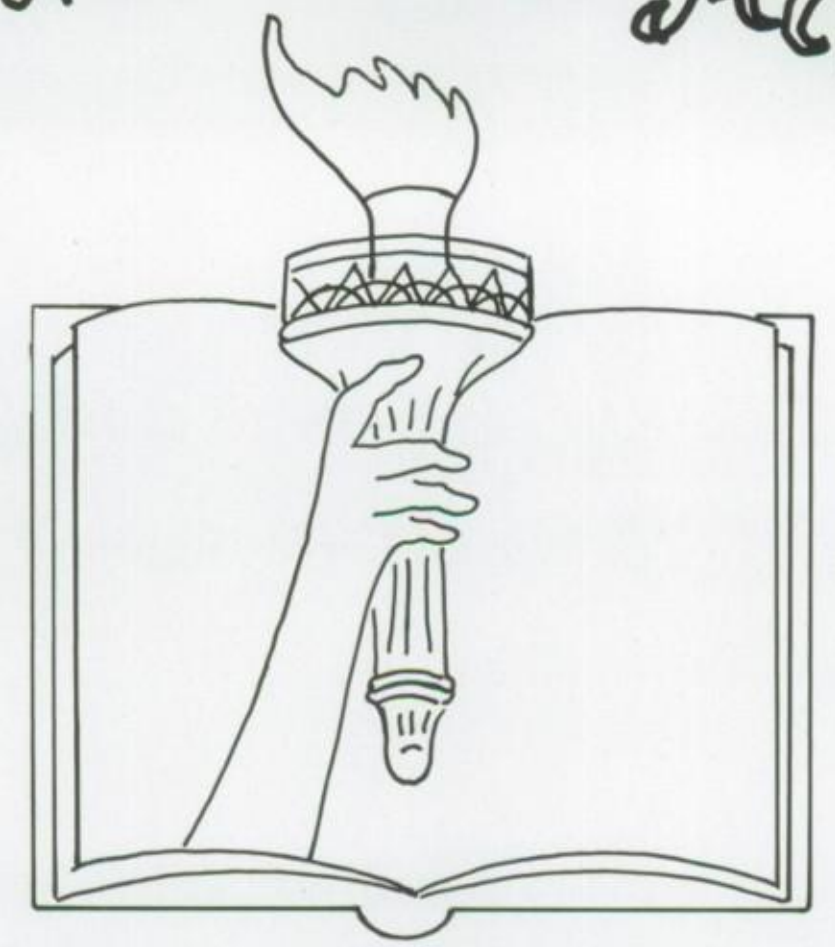
A Salute To Excellence



In Honor of Our Lady

Homeroom and Club Queens symbolize innocence, purity, a commitment to education, independent thinking and love for the deity and mankind.

Narrators, Delvis Graham, Shonia Brown, Travis Brown, and Vanessa Ringer

The Cremé de la Cremé

The sixty-third queen of Booker T. Washington High School is the beautiful and evocative Miss Pamela Rochelle Berry. She is the editor of the *Washingtonian*, the president of the Spanish Club, and Pam participates in the flag corp, the student government association and the Humanities Program.

Her educational dream is to attend college and major in mass communications with a minor in psychology. "There is no wealth in the mines or the seas equal to that which is created by the growth and establishment in a people of habits or thrift and intelligent forethought" is one quote that Pamela often meditates on.

We proudly salute Our Queen for 1986-87.

Pamela, our queen
You're as elegant as can be
May your reign be one of splendor
From here to eternity.

Washington knocks off No. 1 SW Macon 66-53

By I.J. Rosenberg
Staff Writer

Southwest Macon High School came to Atlanta Friday night ranked the state's No. 1 basketball team in Class AAAA. But it didn't leave that way.

In a season opener that Washington High fans will remember for years to come, the Bulldogs — ranked No. 3 — made their bid for the top position by handing the Patriots a 66-53 beating.

Southwest coach Don Richardson easily put the game in perspective. "We choked," he said. "Simple as that."

The game featured three of the state's top players, guards Eric Manuel and Aubrey Boyd for Southwest Macon and 6-foot-11 center Elmore Spencer for Washington. Manuel, who has signed with the University of Kentucky and is considered one of the nation's top prospects, finished with 17 points.

But it was Spencer, a Georgia signee, who made the difference Friday night. He scored 18 points, grabbed 15 rebounds and blocked seven shots.

"It was defense that did it tonight," said Bulldogs coach Robert Bell. "Elmore did a great job in the middle and we didn't let Manuel score too much."

Down 28-26 going into the third quarter, Washington went to its fast break and eventually wore down the Patriots. The Bulldogs took their first lead of the game at 4:11 of the third quarter and never relinquished it. They outscored Macon 40-25 in the second half.

"It was embarrassing," Richardson said. "We were beaten on the boards and down the court. We have a lot of work to do."

Southwest Macon took a 25-14 lead early in the second quarter, mainly on the outside shooting of Manuel, who scored eight first-quarter points. But Manuel picked up his second foul with 6:38 left and sat down the rest of the half.

SOUTHWEST MACON (53)

Aubrey Boyd 7, Tony Hall 8, Roderick Manuel 8, Eric Manuel 17, Maurrice Williams 5, Fred Crocker 2, Keith Green 2, Ricky Jones 4.

WASHINGTON (66)

Greg Roberts 4, Charles McDonald 12, David Glass 14, Jerome Rowland 15, Elmore Spencer 18, Virgil Amey 3.

Halftime score: SW Macon, 28-26. Team fouls: SW Macon 25, Washington 21. Technical fouls: SW Macon 2.

And away we go . . .

ELMO

Constantly on the lookout for a successor to Auburn's long-departed Charles Barkley in the mirth-and-girth department, Mark Bradley of *The Atlanta Journal* turns up 6' 11", 285-pound Georgia signee Elmore Spencer, who was up to 290 this summer, training on baked beans and pizza. Elmore is known variously as El, Mo, Elmo—"I never get the full pronunciation," he says—and Ski, after fibbing to his teammates at Atlanta's Washington High before again being excused on violations. Finally, KU coach Larry Brown became so incensed he demanded the referees be removed in the middle of the game. Florida

The Georgia-bound, 285-pound Spencer will add bite to the Bulldogs.

It's Elmo's outlook on life's basics which bears remembering. "I've always liked sports," he says. "If you're tall and you don't, people think you're gay. . . . I have a girlfriend. She's 5' 11". Then there's this other girl, 5' 5". . . sort of the Barbara Walters of the situation. I go to her when I need a comment, some advice. We men need someone to turn to when women confuse us. It keeps us from jumping off buildings."

By the way, wish Elmo a happy birthday. He turned 17 last month.

FIRST CLASS

YOU owe it to yourself to be your best, never trying to come in last.
ALWAYS try to look good, where ever you go, you go first class.
SOME of us are not intended to have anything put out of our reach.
WHILE others settle for what ever they can get, to them first class you can't teach.
JUST as rivers flow, flowers grow, and each morning is filled with dew.
THAT'S how it is with being first class except being first class is up to you.
SO when the time comes to add up the score to how well in life you've done.
ONLY you can take the blame or credit for being last or being number one.

BEST WISHES AND MUCH SUCCESS IN THE COMING YEARS

Your Family

Georgette

You are special and dear in many ways. I am proud of you. This is only the beginning; your first step towards a rewarding and successful future. The road to success is not always easy, but always remember that nothing is too hard to God; He never fails.

Your Uncle,
Roger Ezzard

When you are troubled and worried and sick at heart
And your plans are upset and your world falls apart.
Remember God's ready and waiting to share the burden you find much too heavy to bear.
So with faith "Let Go" and "Let God" lead the way into a brighter and less troubled day.

Remember This:

I have only just a minute, only sixty seconds in it forced upon me, can't refuse it, didn't seek it, didn't choose it.

But it is up to me to use it, I must suffer if I lose it, give an account if I abuse it, Lord just a tiny little minute. But my child all of eternity is in it too.
